

LEADER Summit 2015

The LEADER 6th Annual Summit is a unique opportunity to learn more about culture change and person-centered care throughout the long-term care continuum. As a result of attending this 2-day event, participants will be able to:

- Explain the values and best practices of person-centered care;
- Discuss new information and tools for transforming the culture and operations of their communities where aging adults live;
- Network with other inspired long-term care professionals;
- Identify ways to become an advocate for aging adults and their care partners, and;
- Become familiar with advance care planning for those with life limiting illness. This outstanding educational opportunity features 12 concurrent sessions specifically designed to interest and educate residents, family members, owners, administrators, activity professionals, certified nursing assistants, nurses, registered dietitians, dietary supervisors, social workers, and ombudsmen living and working in nursing homes, retirement housing, adult day care, senior centers, supportive and assisted living communities, and other health care settings throughout Louisiana
